

KAPITI COASTGUARD AND DISTRICT 19 PROJECT

We have lift off, or should I say the new boat is now being built. The delay has been the need for Coastguard Kapiti to obtain approval for a new design. This has required a new path to be formed and with a whole set of approvals from the appropriate government agencies given the nature of the work the new boat will undertake.

You are now cordially invited to attend a function where the Freemasons will hand over a cheque for \$94,000 as the Freemasons contribution to the construction of the Coastguard Rescue boat.

The ceremony will take place on

SATURDAY THE 16TH OF JUNE.
