

Mark Winger

Grand Master

1 March 2019

Brethren,

The Strategic Plan 2019 - 2023 is on its way!

In the coming weeks, your Divisional and District Grand Masters will be inviting you and your Lodge to participate in planning for your future.

The new **Strategic Plan** is completed, and ready for distribution. It is fresh, modern, and forward-looking. I am sure you will be impressed with its look and feel.

Last year brethren responded to numerous surveys on how we all would like to see Freemasonry grow in years to come. The collective results of these surveys formed the basis of facilitated discussions and debates which in turn lead to the preparation of the Strategic Plan.

I am delighted to now formally release the Plan to you, and to work with you on the journey to a better and brighter Freemasonry.

We all need to play a role – individually and as Lodges. In the coming weeks and months, booklets will be distributed outlining the opportunities for you and your Lodge to be part of a collaborative effort.

This is a great opportunity for you and your Lodge to reflect on what it can do to grow Freemasonry – you decide your role – let us know what you think of the Plan and what you are going to do – annually provide us with an update on progress, and outline any additional tools you may need to help make progress. It is a living document and one which will guide us all in the same direction.

Your District and Divisional teams will be working closely to help your Lodge with its future.

Success in our new strategy will depend upon a shared effort by us all. Exciting times – so please embrace the process and let us together make freemasonry a power for good in our communities.

Yours fraternally,

MWBro Mark Winger
Grand Master
