14	15	16	17	18	19	20	21	22	23	24	25	26

### How To Play

Codewords are like crossword puzzles - but have no clues! Instead, every letter of the alphabet has been replaced by a number, the same number representing the same letter throughout the puzzle. All you have to do is decide which letter is represented by which number!

To start you off, we reveal the codes for two or three letters.

With these letters filled in throughout the puzzle, you'll have enough clues to start guessing words and discovering other letters.
